Electric blinds and mosquito nets are installed on all glass walls and windows. The windows are made of PVC joinery, while the glass walls in the living room are made of aluminum. During the construction and furnishing of the villa, the highest quality materials were used, attention was paid to every detail. All the furniture in the villa has been carefully selected in order to achieve the greatest possible luxury and comfort. The villa is also equipped with an alarm system.

In the yard there is a 32 m² swimming pool covered with a cooler and equipped with a pool heating system. Next to the pool there is a summer kitchen with a dining table and an outdoor toilet.

The entrance door to the yard is electric, and there is enough space to park 4 cars.
