Rovinj is located on the western side of the Istrian peninsula, and extends north of the Lim channel and south to Ba. It is adorned by an extremely indented archipelago with as many as 14 islets and 6 rocks.

Rovinj is the strongest tourist center in Croatia and has been recording a record 3 million overnight stays during the season for several years in a row.

Rovinj's beaches are typical for this part of the northern Adriatic. You will most often find rocky gardens and pebble coves that repeat rhythmically along the 67 kilometers of Rovinj coastline.

The Zlatni rt forest park, which is located in the southern part of the city, will also enchant you. Walking, running, cycling and swimming in the hundred-year-old protected park are unique experiences to remember.
