--------------------------	-----

An apartment is available on the ground floor of a high-quality new building, located in a quiet environment, ideal for comfortable living, relaxation, or as an investment. The apartment has a total area of 52.87 m² and consists of two bedrooms, a bathroom, an open-plan living room with kitchen and dining area, and a loggia, which further enhances the comfort of the living space.

The building is being constructed according to modern building standards and energy efficiency requirements. The handover of keys is planned for 01.07.2026.

The apartment is equipped with high-quality materials and systems: heating and cooling are provided by Daikin air-to-air heat pumps, PVC joinery with triple glazing, insect screens on all openings, and motorized shutters. The building features a façade system with rock wool insulation, while the interiors are fitted with Italian ceramics, ensuring a high level of comfort and durability.

A parking space is not included in the apartment price and is purchased separately, depending on the type:

-Underground garage: €15,000

-Covered parking space with an electric vehicle charging outlet: €10,000
