Istria, as the most attractive destination, apart from the beautiful crystal clear sea, hides a rich historical heritage in its interior. Known for its sun and sea, magical hills, Roman monuments, truffles and top restaurants, Istria parries destinations such as Tuscany or Spain in the tourist cosmos.

In a quiet rural environment we offer you a beautiful stone house in this style which consists of two floors with a total living area of 361.50 m2. In the open space of the ground floor there is a spacious living room with a fireplace in the extension of which there is a dining room and kitchen while in the hallway there is a pantry, laundry room and boiler room. Below the ground floor are two bedrooms each with its own bathroom. An internal staircase lined with oak leads to the first floor where there are two more bedrooms with bathrooms overlooking the beautiful garden pool and the Istrian forest which provides a sense of satisfaction peace and enjoyment.

The beautiful large garden that surrounds the house decorated with lots of greenery offers a swimming pool with sun deck and a summer kitchen, while at the entrance to the yard there are parking spaces.
