In the remaining part on the ground floor there is a bedroom with a bathroom with direct access to the garden and a beautiful area around the pool, a guest toilet, a storage room and a boiler room.

The elegant interior staircase allows communication between the lower and upper floors and a large roof terrace with stunning views of the sea. On the first floor are three spacious bedrooms with bathrooms and a large balcony that extends over the entire length of the villa.

The most spectacular part of this villa is certainly a huge roof terrace on two levels, here you can inhale the fantasy of summer nights with a beautiful view of the sea and the most beautiful sunsets.

If you have not yet had a chance to stroll through the "Paradise Gardens", you should definitely see the decoration of the 1,444 m² garden of this villa, which gives you the feeling of being in paradise, but if we add a pool here from 13m x 7m for adults and for the youngest of a children's pool and the summer kitchen of 50 m² with an outdoor fireplace, we round off this beautiful story.

The villa is equipped with the latest heating and cooling appliances (solar panels, underfloor heating), video surveillance and high-quality indoor and outdoor lighting.
