The living space of this beautiful modern villa consists of a living room bathed in sunshine thanks to large glass walls, luxuriously equipped kitchens, dining rooms, four bedrooms equipped with modern furniture, three bathrooms and a guest toilet.

Underfloor heating with a heat pump is planned throughout the house, as well as air conditioning in each room.

In the lower part of the house there will be a wellness area that includes a sauna for four people and a jacuzzi.

A special charm of this villa is the landscaped garden with a heated swimming pool with sun deck, as well as a space for relaxation on warm summer evenings.

In the development of the project, attention was paid to the smallest details, which can be seen in the pictures of the project.

Početak gradnje je 10/2023.
